Master's Plan of Study

- Students seeking for Master's degree will also need to complete the plan of study in the second semester of the program.
- On the main page of your [Student Center](#), click the dropdown menu in the Academics section and select GradPath Forms. You are first directed to the landing page, which contains links and other helpful information. From there, click the GradPath Forms link to reach your forms page. On your GradPath forms page, you first need to create and submit the Responsible Conduct of Research form. When you submit that form, it will auto-approve – i.e. it does not go to anyone for approval. Once it approves, use the Return button on the form to go back to your forms page, and you will be able to create the Plan of Study. Please consult the following link for any questions that you may have for this form and any other issues with the GradPath.
- When you are filling out your Plan of Study, choose all courses that you have taken along with the current courses that you are enrolled. The minimum number of units required for your graduation is 36. If your count of units is over 36, you do not need to worry about recording transferred units beyond 36. The direction to fill out this form can be
